MY PORTFOLIO

https://jrdport.com

PROFILE

Dynamic Software Engineer with two years of experience, specializing in cloud architecture and continuous learning with open-source technologies. Proficient in developing secure and scalable cloud architectures, leveraging expertise in AWS services, and integrating APIs to enhance functionality. A strong problem solver dedicated to mastering emerging technologies through hands-on projects, fostering innovation and efficiency. Committed to delivering high-quality solutions while maintaining an analytical approach and attention to detail.

EDUCATION

Aug 2021 — May 2024

B.S. Computer Science, Florida State University

Tallahassee, FL

EMPLOYMENT HISTORY

May 2024 — Present

Software Engineer, Freelance

Miramar, FL

Currently focused on continuous learning as a freelance Software Engineer, with a strong emphasis on cloud technologies. I am dedicated to exploring and mastering emerging technologies, building secure, scalable cloud architectures, and improving my technical skills through hands-on projects and self-driven learning.

- AWS Certified: Expertise in cloud architecture and services such as EC2, S3, Lambda, and RDS to build secure and scalable solutions.

Dec 2023 — Present

Insurance Adjuster Assistant, Goyanes Claim Management

Pembroke Pines, FL

As an Insurance Adjuster Assistant, responsibilities included providing transportation for an adjuster to inspection sites and managing logistics for timely arrivals.

- Developed a fundamental understanding of the home insurance industry.
- Acquired Part 107 Drone License

Jan 2021 — Jun 2021

Sales Associate, All-State Insurance

Hialeah, FL

Utilized CRM tools and data insights to engage clients, recommend policies, and drive sales. Educated customers on coverage options, fostering trust and long-term relationships.

- Achieved sales targets through data-driven lead optimization.
- Resolved inquiries efficiently, ensuring seamless policy enrollment.
- Managed customer records, enhancing sales strategies via analytics.
